THE ORDNANCE CATALOG

GROUP A

ORDNANCE DEPARTMENT,
WASHINGTON, 10 DECEMBER 1943.

STANDARD NOMENCLATURE LIST NO. A-58

LIST OF ALL PARTS
OF
GUN, SUBMACHINE, CAL. .45, M3

(Supersedes SNL A-58, List of All Parts, dated 26 April 1943.)

This is an alphabetical list of all parts required to make a complete *GUN*. **WARNING: THIS LIST SHOULD NOT BE USED IN REQUISITIONING.** Many of the parts listed herein are *NOT* available for issue. Only the **Organizational Spare Parts and Equipment** section and the **Addendum** section list the parts and equipment available for issue to using troops and Ordnance troops, respectively.

This list of all parts is to be used for identification and storage purposes. In this connection it should be realized that every individual part is not necessarily stored by itself; in fact, many parts are stored as authorized assemblies. Such assemblies are indicated herein. The components, however, of such assemblies are listed elsewhere alphabetically with the number of each particular part required in a complete gun.

Standard Nomenclature Lists are published in three separate pamphlets—

- (1) The **LIST OF ALL PARTS** section—This list will be used for **identification and storage purposes only.**
- (2) The **ORGANIZATIONAL SPARE PARTS AND EQUIPMENT** section—which lists items issued to organizations armed with the Gun, Submachine, Cal. .45, M3.
- (3) The **ADDENDUM** section—which lists major items, maintenance parts and equipment available for maintenance of the Gun, Submachine, Cal. .45, M3. (This section is for use of Ordnance personnel only.)

For full information relative to Standard Nomenclature Lists, the procedure followed and the principles employed in their compilation, together with the purposes and uses thereof, see the Introduction to the Ordnance Catalog (IOC), the Ordnance Provision System Regulations (OPSR), and the Ordnance Publications for Supply Index (OPSI).

DISTRIBUTION: Ordnance organizations, establishments and any interested personnel.
Two (2) copies to all units armed with Gun, Submachine, Cal. .45, M3.

NOTES

Items listed in this SNL will be stored under SNL No. A-58 unless the note symbol indicates otherwise.

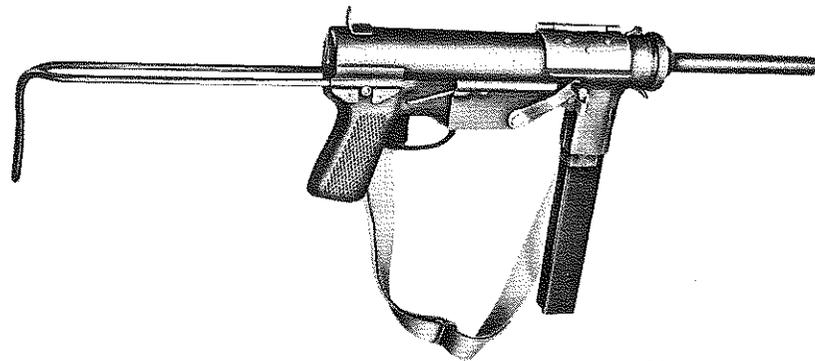

- (φ) The major item indicated by (φ) is stored, issued, and reviewed under "Major Items," SNL A-1. The standard list price given herein is for the major item, without accessories or spare parts, and does not include the cost of handling, including packing incident to sales or issues with reimbursement.
- (W) (a) Items indicated by (W) are non-expendable parts and the issue of such items must be in accordance with par. 3 b (2), AR 35-6540.
(b) Items not marked by (W) are expendable in accordance with AR 35-6620.

STANDARD NOMENCLATURE LIST NO. A-58

*OBSCOLETTE PUBLICATION
RESCINDED or SUPERSEDED by*

LIST OF ALL PARTS
OF
GUN, SUBMACHINE, CAL..45, M3

This is an alphabetical list of all parts required to make a complete GUN.

This list of all parts is to be used for identification and storage purposes. In this connection it should be realized that every individual part is not necessarily stored by itself; in fact, many parts are stored as authorized assemblies. Such assemblies are indicated herein. The components, however, of such assemblies are listed elsewhere alphabetically with the number of each particular part required in a complete gun.

Standard Nomenclature Lists are published in three separate pamphlets—

- (1) The *LIST OF ALL PARTS* section — This list will be used for identification and storage purposes only.
- (2) The *ORGANIZATIONAL SPARE PARTS AND EQUIPMENT* section— which lists items issued to organizations armed with the Gun, Submachine, Cal..45, M3.
- (3) The *ADDENDUM* section — which lists major items, maintenance parts and equipment available for maintenance of the Gun, Submachine, Cal..45, M3.

For full information relative to Standard Nomenclature Lists, the procedure followed and the principles employed in their compilation, together with the purposes and uses thereof, see the Introduction to the Ordnance Catalog (IOC), the Ordnance Provision System Regulations (OPSR), and the Ordnance Publications for Supply Index (OPSI).
